WINTER QUARTER FEES UP \$31.25

When students enroll for the winter quarter on Jan. 4-5, they need to be prepared to pay \$31.25 more than they did in the fall quarter. The bulk of the increase is the \$23 special surcharge imposed by Chancellor Dumke for the winter and spring quarters only. The remaining \$8.25 of the increase was authorized by the Board of Trustees last July. It also goes into effect with the winter term.

A resident student taking 6 units or less will pay \$98.25 plus \$15 parking, if applicable. The full-time student's costs will total \$111.25 plus parking. Students who are not residents of California pay tuition in addition to these amounts.

Details of the revised fee schedule are being distributed with the winter quarter registration packets, available from now through Wednesday in the Admissions and Records lobby. The new sheet supersedes the figures printed on Page 15 of the winter class schedule.

TRUSTEES PROPOSE SUBSTANTIAL INCREASE

Fees for full-time students attending Cal State, San Bernardino next year would increase to approximately \$477 a year, under a proposal approved by the CSUC Board of Trustees Wednesday. Based on fall quarter 1981 figures, a full-time student now pays approximately \$261 a year.

The trustee proposal, which still must be approved by Gov. Brown and the Legislature, calls for a tentative fee increase of \$216 per year for full-time students. Part-time students will, of course, pay only a portion of this increase.

In addition to the student service fee, everyone pays fees for Associated Students, identification card, Student Union, instructionally related activities (IRA), parking and books.

The proposed increase is expected to generate \$51 million. Of that amount, \$10 million would be set aside to provide financial assistance to students unable to pay the higher fees. The system estimates about 65,000 students (of the 315,000) will pay only \$5 of the increase.
